

NORTH DAKOTA CANCER COALITION | ANNUAL MEETING

MAY 16, 2023 BISMARCK, ND

Working together to reduce the incidence and impact of cancer for all North Dakotans

Location: Pioneer Room, ND State Capitol
Meeting Time: 1:00-4:30 p.m.

REGISTER

The number of people newly diagnosed with cancer continues to rise. This means that more people are living with cancer and coping with the effects of treatment while resuming their day-to-day routines. The impact of cancer in North Dakota can be reduced by implementing effective interventions to decrease incidence of preventable cancers, detecting cancers early, and ensuring access to quality cancer care services from diagnosis through survivorship or end of life. Join the North Dakota Cancer Coalition Annual Meeting as we continue to work together toward the mission of reducing the incidence and impact of cancer across North Dakota.
